

mmn 14 – assembler project

Files of the project:

- assembler.c
- assembler - the exe file
- code.c
- code.h
- first_pass.c
- first_pass.h
- globals.h
- instructions.c
- instructions.h
- makefile
- second_pass.c
- second_pass.h
- table.c
- table.h
- utils.c
- utils.h
- write_output.c
- write_output.h

Tests files and their output:

Errors files:

- errors_input1.as
- errors_input1 - the output

- errors_input2.as
- errors_input2 - the output

Valid files:

- input1.as
- input1.ext →
- input1.ent → file output
- input1.ob →

- input2.as
- input2.ext →
- input2.ent → file output
- input2.ob →

- input3.as
- input3.ext →
- input3.ent → file output
- input3.ob →
